"Midnight Skies"

Lyn, feels like I'm losing you
My faith is weak when we are far apart
There is just one thing I can see
This restless mind and my heavy heart
Won't you please help me, over land and sea?

Light up these midnight skies
Light my way tonight
Do all you can do, to help me get to you

I think you've heard me say
My hands are cold but my hearts on fire
Fear has always held me down
Been on my knees, now I'm aiming higher
Won't you please guide me, over land and sea?

Light up these midnight skies
Light my way tonight
Do all you can do, to help me get to you

Light up these midnight skies
Light my way tonight
Do all you can do, to help me get to you
