"My Own"

Visit "[My Own](#)" on MotoLyrics.com

are you trying to make me sad
wanna keep me on my toes
not the best you ever had
but you say I'm pretty close

moonlight or sunshine
morning or nighttime
i'd choose to be alone
to be my own

are you trying to make me sad
jealousy is a powerfull force
you're the best i ever had
but you're not mine and i'm not yours

moonlight or sunshine
morning or nighttime
i'd choose to be alone
to be my own

the birds all singing blue
now that summer is over
they'll move south and so will you
you did wrong but you've made it seem
right
right
right
right
