Soulmates

We knew each other awhile ago,

When we said our first hellos.

So much in common we did not know!

But, both with separate paths to go.

We tried to see eye-to-eye,

Our eyes were cast in different skies.

I loved you, as you did know

Your loved returned in shallow

Now it's time to observe the present,

Our dreams come true, as we strive

to do.

Others pass, but still are there, with

every hope we'll meet them - there.

Do you remember me, or have forgotten,

What so often we felt/shared in common?

We laughed and roared, and even soared.

Even in times, when life seemed bored!

We're back together, if not forever

I love you still and always will.

The time has come - to join as one.
