The american movement will grow strong - american
skinheads
if you'll listen you will learn - american skinheads
our constitution is what we're for - american skinheads
we're proud of our country - we have loyalty both rich
and poor

freedom is what we must have in - the american
movement
we need love for our country though - the american
movement
red, white and blue it will be true - the american
movement
it's our hope, it's our dream, one day it will be reality
don't think we're naive
fuck yea we believe in our country
our movement will still be strong
when you're all dead and gone!
dead and gone - dead and gone

american skinheads
