Thought it was cool to hang out
Way back when
You've changed your ways since then
You got new friends
Don't need me anymore
Your new friends won't take your back
When your head's to the floor

The new crew is stronger than ever before
Kids with strong hearts and minds of their own
Maybe it's better you're not part of your crew
Cause we don't need no more mindless negative fools
like you

We're the crew

You say you're an individual
You're really just a fool
You've turned your back on the crew
Someone's going down
It ain't me - it's you

You've got your nose in the air
Your mind is to the ground
You're searching for something
The way you're doing it - it can't be found

We're the crew

You'll never know - all our pain

We're the Crew - New York City
We're the Crew - Skinheads
We're the Crew - No Obsession
We're the Crew - Straight Ahead
We're the Crew - Positive Thinking
We're the Crew - All Together
We're the Crew - Can't You See
We're the Crew - We Are Back

We're The Crew
