Come inside my world  
Come inside my world

You say that you're sorry  
About things from the past  
And you have all your worries  
But if I get the chance

I will run to you  
I am on my way

Come inside my world  
I show you the things I see  
Don't worry I'm your girl  
This world is for you and me  
I've been waiting  
All my life just for you  
Come inside my world  
All the things that you need  
Is inside my world

Your pain and your sorrows  
I put them aside  
It's now and forever  
My feelings can't hide

I will keep you mine  
Never let you go

Come inside my world  
I show you the things I see  
Don't worry I'm your girl  
This world is for you and me  
I've been waiting  
All my life just for you  
Come inside my world  
All the things that you need  
Is inside my world

I will keep you mine  
Never let you go

Come inside my world  
I show you the things I see  
Don't worry I'm your girl  
This world is for you and me  
I've been waiting  
All my life just for you  
Come inside my world  
All the things that you need  
Is inside my world

Come inside my world  
I show you the things I see  
Don't worry I'm your girl  
This world is for you and me  
I've been waiting  
All my life just for you  
Come inside my world  
All the things that you need  
Is inside my world
