Feel so lonely without you, yeah
The nights are longer
When the days are getting blue
But deep inside of me
You're always in my heart, forever (forever)

Don't say goodbye
You're the everlasting love
I always knew
Don't say goodbye
You're the only one to make
My dreams come true
I've been waiting all my life to be
In this moment here with you
Don't say goodbye
Cause I need you by my side

I felt that love was in my hand, yeah
All the tears I cried
I thought you'd understand
But deep inside of me
You're always on my mind, forever (forever)

Don't say goodbye
You're the everlasting love
I always knew
Don't say goodbye
You're the only one to make
My dreams come true
I've been waiting all my life to be
In this moment here with you
Don't say goodbye
Cause I need you by my side

How can I go on without you
And leave it all behind
And how can I be strong without you
Standing by my side

Woah
Don't say goodbye

(Don't say goodbye)

Don't say goodbye
You're the everlasting love
I always knew
Don't say goodbye
You're the only one to make
My dreams come true
I've been waiting all my life to be
In this moment here with you
Don't say goodbye
Cause I need you by my side

Don't say goodbye
Cause I need you by my side
