Darlin' do you think of me  
like I think of you  
always in the morning time  
and in the evenin', too

Oh, the way you call my name  
and hold me by the hand  
Oh, the way you take me up  
and bring me down again

(I love the way you take me up and bring me down  
again)

Darlin' since you went away  
I've been sad and blue  
Lonely are my Friday nights  
and Sunday afternoons

If I had you back again  
this is what I'd do:  
I'd love you deep and long and hard  
and promise to be true

(I'd love you deep and long and hard and promise to  
be true)

Darlin' do you think of me?
