"Mystery Woman"

Just when you think you've got her figured out
Oh she's still just a mystery
She'll change the rules and then she'll change the
game
And it all gets lost on me, it gets lost on me

Come on out, Mystery Woman
Come on out, and show me a sign
Come on out, Mystery Woman
Mystery Woman, what will I find, what will I find

She comes and goes, I never know when
She knows the secrets, but she won't tell
She says she loves me, but she loves herself more
She's in the clouds and it's time to come down
It's time to come down

[I can't seem to figure you out]
