When you think it's over  
when you've had enough  
when my precious love  
overflows your cup --

If it's weighing down your shoulders  
if you want it all to end  
don't hold back  
just say "when."

Say "when"  
and I'll leave you  
say "when"  
and I'll leave.

You don't have to worry  
I can understand  
I know you're in a hurry  
making other plans --

I know you're very anxious  
for the next show to begin  
I'll be glad to leave the stage  
just say "when."

Say "when"  
and I'll leave you  
say "when"  
and I'll leave.
