(\*talking\*)

Uh oh, S-L-A-B soldiers in this bitch mayn  
Trae on the mic mayn, my lil' brother Galo  
Classy D yes sir, it go down mayn  
Slab soldiers for real, mob style for life mayn  
Squeeze the block, till it ain't nothing left  
This C.L., from the West mayn

[Hook - 4x]

S.L.A.B. bitch, get out the way  
Get out the way bitch, get out the way

[Lil' B]

H.A.W.K. done rolled in a wide load, with candy paint on  
84's  
Got a calico for a hating hoe, that'll beat the clown like  
Bozo  
I'll tag your toe when I hit you hard, let you know I really  
don't bar  
Step on the scene then pull your broad, getting mad I'll  
pull your card  
Call it far but that's how it go, down here in the S-O  
Riding solo in a fo' do', call me Lil' B I'm Bybo  
I wreck a show when I rock a stage, slab blasting off  
like a twelve gauge  
Niggaz seem amazed we on the front page, bout the  
feddy we getting paid  
Playa made and that's on the click, but these bopping  
hoes be riding dick  
I hit her quick then leave em sick, fuck shooting a arrow  
like cupid  
They stupid I'm a thug nigga, stepping out in Gucci how  
you figga  
Your bitch out of line you better gon get her, head  
buster I'm a wig splitter  
You can't forget a nigga don't play, represent the Park  
I'm on Fewquay  
I gotta let my top down on a sunny day, it's S.L.B. bitch  
get on out the way

[Trae]

I recommend that y'all get back, 'fore I get pissed off  
and I wreck tracks  
You niggaz be liking the chit-chat, better duck when I'm  
busting on contact  
A guerilla be ready for combat, four deep when I creep  
in a black Lac  
You think you the best nigga bet that, everytime I spit  
see I'ma squash that  
I got slab soldiers street cruisers, mouth piece like a  
load abuser  
Twin rugers, coming out the roof in a Land Cruiser  
You don't wanna plex cause I'm gonna do ya, I ain't  
tripping I'm ready to get it on  
Did you hear the fat lady sing, hell naw so I got about  
eight mo' rounds of fucking up your dome  
Bitch you done fucked up and got a nigga pissed, now  
I'm bout to get all up in your shit  
Lean on a nigga like I'm a bumper kit, off the chain  
ready to bite like a pit  
But Donny D we throwing up South Klique, living on lock  
down  
Don Juan I ain't forgot ya, see you already know I'ma  
shut they block down  
And now y'all niggaz finna disrespect, cause I run up  
they set fin to leave you wet  
When I'm pulling this it's only gon take a sec, and when  
I let it go you better run like a bitch  
Half of you niggaz better go get a job, you thinking you  
better than me  
Your rap skills we gon let it be, nigga you know you'll  
never see me

[Hook - 4x]

[Mr. 3-2]

It's the Big Boss in a Harley, Fat Domino  
I make the broads work the track, and bring back  
payroll  
No, I don't go for them games  
Shoot a infrared aim, and that's a god damn shame  
How I'ma lay em in niggaz tonsils, out here in these  
streets  
Fuck starving I'ma eat, baby I bring heat  
On every side of town, bleeding us underground  
Have my weight up, knocking out boys in the first round  
I stay down, like the ground you walk on  
Right quick right fast, bitch I'm worldwide known  
Blown out the frame, on a come up mission  
For the face big heads, leaving boys missing

[Showtyme]

Step in my path'll get you gone, spinning necks like a  
wheel of chrome  
When I come through better guard your dome, like the  
nigga Trick Daddy I'ma take it home  
Smash the gas I'm moving fast, I'm on a paper chase  
gotta get that cash  
Deep in the South where I keep my stash, a nigga like  
me might beat your ass  
Call me a chicken break it down, nigga bricks know all  
over town  
You don't really wanna fuck with my underground fool,  
cause this underground shit ain't got no rules  
You niggaz want a game I play to win, the nigga  
Showteezy did it again  
Cocked up deuce trays in a bubble eye lens, you could  
say it on a Lexus Lac or Benz  
Customized nigga you can't buy nowhere, think flyness  
gotta be in the air  
Side to side nigga you could find me there, this shit's  
so hot you get burned from the flare
