I am the world renowned universal secret of old times

Destruction of the ancient spaces is my one and only
crime

I've lived a thousand times

I've found out what it means to be believed

The thoughts and images

The unborn child that never was conceived

When lethal worlds collide I'm trapped inside my
embryotic cell

Attacking memories are cast into the never ending well

The nameless causeless face

The child that never seized the cause of man

The deadly darkness that

Belies the fate of those who never ran

You gotta believe me

I'm talking to you

Well I know it's hard for you to know the reason why

And I know you'll understand more when it's time to die

Don't believe the life you have will be the only one

You have to let your body sleep to let your soul live on

I want you to listen

I'm trying to get through

Love has given life to you and now its your concern
Unseen eyes of inner light will make your soul return
Still I look, but not to touch, the sea of life rolls on
Dozens of the futures folds keeps the secret known
Just remeber love is life and light is life again
Treat your life for what it's worth and live for every
breath
Looking back I've lived and learned, but now I'm
wondering
Here I wait and only guess what the next life will bring
Ha Ha
