I'll play your game

But if you lose you're gonna have to pay the price

Broken chains, like a prisoner free at last

The fear inside just up and died

Time will tell if i am wrong

It won't be too long

You thing I'm chasing shadows

In the dark

Well I'm not born to lose

I'm not born to lose

You curse my name, as you turn and walk away, from
view

It won't be too long

You don't scare me cos you're

Hard to see and it's time

That you were gone

It won't be too long

You think I'm chasing shadows

In the dark

Well I'm not born to lose

You think I'm chasing shadows

In the dark

What you gonna do about it now

What you gonna do about it now

It won't be too long

It won't be too long

It won't be too long

You think I'm chasing shadows

In the dark

What you gonna do about it now

What you gonna do about it now

Ain't nothing I can do about it now
