Revolution in their minds - the children start to march

Against the world in which they have to live

and all the hate that's in their hearts

They're tired of being pushed around

and told just what to do

They'll fight the world until they've won

and love comes flowing through

Children of tomorrow live in the tears that fall today

Will the sun rise up tomorrow bringing peace in any way?

Must the world live in the shadow of atomic fear?

Can they win the fight for peace or will they disappear?

So you children of the world,

listen to what I say

If you want a better place to live in

spread the words today

Show the world that love is still alive

you must be brave

Or you children of today are

Children of the Grave, Yeah
