Description:

=====

This is the best track on this album, no doubt about it...
Amazing music, so

intense, so gripping, so original in some places, simply
fucking A+!!!

The lyrics are great too, kinda make you stop and think
(hehehe...),

I see the lyrics as the continuation of the previous
track...

The neon lights are shining on me again

I walk the lonely streets in search of a friend

I need a lady to help me to get through the night

If I could find one then everything would be alright

The sleepy city is dreaming the night away

Out on the street I watch tomorrow becoming today

I see a man, he's got take away women for sale

Yes for sale

Guess that's the answer

'Cos take away women don't fail...

Oh dirty women, they don't mess around

Oh dirty women, they don't mess around

You've got me coming

You've got me going around

Oh dirty women,

They don't mess around

Walking the streets I wonder will it ever happen

Gotta be good then everyting will be o.k.

if I could score tonight then I will end up happy

A woman for sale is gonna help me save my day...

Summary:

=====

All in all,this isn't the greatest Sabbath album,it's from
it's decline

period,and if you're not Sabbath maniac like some of
the people on this list

don't buy it,you'll be dissapointed. However,there are
some unique and

original sound combinations on this one,and it may be
indeed a technical

ecstasy. No true Sabbath fan can live without this
album...

Gosh,I never thought that typing lyrics is so tiresome...

Well,what else have I got on my mind tonight?

WYZ: welcome back,wish I could take a holliday
myself,fucking no way...!

sigh well,I hope you enjoyed yourself...

Shawn: how old are you? I mean-flaming is
ok,ocassionally I like to flame

myself when I'm feeling mean (ask WYZ...),but come on
man,you are

obsessed to flame (like that stupid song by tendencies-
obsessed to skate),

get a life man...

Sheri: Do you always talk in monosyllables (just
curious,nothing personal).

Also,beg your pardon for my ignorance (due to
geographical reasons...),

but who are evasive action? Are you their singer or
what?

Well,that's all folx...

Shimon-the one and only true Sabbath maniac!
