The chapter is opened and the pages are turned  
the writings say many things but who was concerned  
Where can we run to now, when will we learn?  
When it's lost it's gone forever  
For years they told me what I should do  
Down to the places to go and who should I talk to  
But that don't matter no more since I found out the  
truth  
and it feels good to me  
The world is turnin'  
Forever turnin'  
Forever yearnin'  
For the love of life  
and you're wrong if you think that I'm afraid to love  
I wonder, I wonder does it not seem strange to you  
Just how the tables have turned on me and you?  
How long can we go on livin', livin' the way we do?  
When it's lost it's gone forever  
It feels good to me.
