Winged with steel they fill the air  
The soldiers of fortune will ride  
In the sights of the enemy's gun  
Those who have taken their oaths  
Tonight  
Are well prepared they know they'll  
Door die even if it's suicide  
Let's take a chance  
As the skies will Burn tonite  
Wasted lives and spirits run free  
On the wings of no return  
Dressed to kill where eagles dare  
The fate of a nation's at hand  
Is this the answer to the prayers  
Come the dawn, thru the blood  
Red skies return with tears  
In their eyes, and they  
Recall thou shalt not kill  
And in the morning  
They'll take a hero's bow  
And make the ever lasting flight

Hear them calling up above all  
Across the skies  
Hear them calling up above from  
The other side  
Here they call!  
Let's take a chance  
As the skies will burn tonite  
Wasted lives and spirits run free  
On the wings of no return  
Let's take chance  
As the skies will burn tonite  
Wasted lives and spirits run free  
On the wings of no return
