Rising with the sun, the work has been done

but people are starting to stare

Called from afar to the court of the Czar

Could it be something is wrong?

You stand face to face and your heart gathers pace

for the answer to a question a prize

If only you had known to be honest was wrong

For the work that you've done you will pay with your
eyes

Into the black where the night

never ends and the light

leaves a scar on your soul

where your heart used to hold

your love here!

Heaven in Black

Inside there's a voice saying was there a choice

you'd still be entombed in the night

Lucifer's to blame, the reason for the flame

They've taken your sight but they'll not take your God

Into the black where the night

never ends and the light

leaves a scar on your soul

where your heart used to hold

your love here
