Sabbath Black
"I 510"

I am anger

Under pressure

Lost it cages

A prisoner

The first to escape

I am wicked

I am legion

Strength in numbers

A lie

The number is one

Chorus:

I - I - I

Everything that I see is for me

Yes, I am giant

I'm a monster

Breaking windows

In houses

Buildings of glass

Rebel rebel

Holy outlaw

Ride together

Don't try it

The power's in one

Chorus:

I - I - I

I am standing alone

But I can rock you

I - I - I

On the edge of the blade

But the knife can't cut the hero down

I am virgin

I'm a whore

Giving nothing

The taker

The maker of war

I'll smash your face in

But with a smile

All together

You'll never

Be stronger than me

Chorus:

I - I - I

Right here on my own

But I still rock you

I - I - I

Don't follow behind

Just leave me on the outside

I - I - I

I am standing alone

But I can shock you

I - I - I

On the edge of the blade

But no one makes the hero bleed

(No, no , no)

I am hunger

Feed my head

All together

You'll never

Never make the hero bleed

(No, no, no)
