"Into The Void"

Rocket engines burning fuel so fast
Up into the night sky they blast
Through the universe the engines whine
Could it be the end of man and time
Back on earth the flame of life burns low
Everywhere is misery and woe
Pollution kills the air, the land and sea
Man prepares to meet his destiny
Rocket engines burning fuel so fast
Up into the night sky so vast
Burning metal through the atmosphere
Earth remains in worry, hate and fear
With the hateful battles raging on
rockets flying to the glowing sun
Through the empires of eternal void
Freedom from the final suicide
Freedom fighters sent out to the sun
escape from brainwashed minds and pollution.
Leave the earth to all its sin and hate
find another world where freedom waits.
Past the stars in fields of ancient void

Through the shields of darkness where they find

Love upon a land a world unknown

where the sons of freedom make their home

Leave the earth to Satan and his slaves

leave them to their future in the grave

Make a home where love is there to stay
