Description:

=====

This is perhaps the worst track on this album. It's sung by Bill Ward, but unlike Solitude from Master Of Reality, which is total mindblow, amazing trip, this one is shit... Cheesy words and top 20 ballad music, with a little touch of lommy's guitar that saves it from being a total disaster and allows the listener not to skip over it...

Told you once about your friends and neighbours  
They were always seeking but they'll never find it  
It's alright, yes it's alright  
Where to go and where to see  
It's always been this way and it can never be  
It's alright, yes it's alright  
Give it all and ask no return  
And very soon you'll see and you'll begin to learn  
That's it's alright, yes it's alright  
Don't you know that it's so good for you  
You can be making love and see it all go through  
But it's alright, yes it's alright
