"Killing Yourself To Live"

How people look and people stare

Well I don't think that I even care

You rot your life away and what do they give?

You're only killing yourself t live

Killing Yourself To Live!

Killing Yourself To Live!

Just take a look around you, what do you see?

Pain, suffering, and misery

It's not the way the world was planned

It's a picture you don't understand

Killing Yourself To Live!

Killing Yourself To Live!

I'm telling you!

Believe in me!

Nobody else will tell you

Open your eyes!

And see the lies!

Oh yeah!

Smoke it!

Get high!

You think that I'm crazy and baby I know that it's true

Before that you knew it I think that you go as you do

I don't know if I'm up or down

Well the black and whites are blue and brown

The colors in my life are all different somehow

As vigilanties blew, the beat goes now

Suddenly it's me who's strange

But never had to make the change

Never give your trust away

You'll end up in pain 'till your dying day
