Look all around

Can't you open your eyes

Voices are calling

Killing rain falling down from the sky

Crying with nightmare tears

Out on the street

You'll see blood on the ground

Cities are burning

Feeling the pain cutting right to your soul

Goodbye now

You're caught in his spell

Your freedom is gone

He's taken everything

You ever had

But if you're strong you'll survive

You've got to hold on

Open your eyes

Chorus:

Behind the lies you will see

The master of insanity

Under the mask there will be

The master of insanity

Innocent minds

They're the victims of shame

Staring in sorrow

Promises lying there

Broken and crushed

Confusion-just disappear

What can you give

To be left all alone

When there's nothing at all

Your freedom is gone

He's taken everything

You ever had

But if you're strong you'll survive

You've got to hold on

Open your eyes

Chorus

Behind the lies you will find

He's trying to get inside you

Just open your eyes and you will see

The master of insanity

Chorus

Between the lies you will find

that he's trying to get inside you

Out of the night into your mind

He's always right beside you

Yeah, between the lies you will see

The master of insanity

Open your eyes or you will be

The master of insanity
