Look all around

Can't you open your eyes

Voices are calling

Killing rain falling down from the sky

Crying with nightmare tears

Out on the street

You'll see blood on the ground

Cities are burning

Feeling the pain cutting right to your soul

Goodbye now

You're caught in his spell

Your freedom is gone

He's taken everything

You ever had

But if you're strong you'll survive

You've got to hold on

Open your eyes

Chorus:

Behind the lies you will see

The master of insanity

Under the mask there will be

The master of insanity  
Innocent minds  
They're the victims of shame  
Staring in sorrow  
Promises lying there  
Broken and crushed  
Confusion-just disappear  
What can you give  
To be left all alone  
When there's nothing at all  
Your freedom is gone  
He's taken everything  
You ever had  
But if you're strong you'll survive  
You've got to hold on  
Open your eyes  
Chorus  
Behind the lies you will find  
He's trying to get inside you  
Just open your eyes and you will see  
The master of insanity  
Chorus  
Between the lies you will find  
that he's trying to get inside you  
Out of the night into your mind

He's always right beside you

Yeah, between the lies you will see

The master of insanity

Open your eyes or you will be

The master of insanity
