Close my eyes starting dreaming

See a vision filled with wings

Head my way

Feel the presence of unknown power

Telling me to come

This is the only way

It's dream within dream

Lost and lonely

Don't get pulled by the devil's hand

Silent screamer filled with fear

As the night time shapes a face

Then disappears

Scared forever into believing

That your mind has met the

Prince of whom you see

It's dream within dream

Lost and lonely

Don't get fooled by the

Devil's hand

It's dream within dream

Fool forever, don't get fooled

Forever

Don't get fooled, be the devil

In your eyes

The evil spirit rises

Blinded by the dark

You fall into shame

As the reaper takes you

Down the spiral stairway

You share the evil pit

With satan's name

Nightmare it's got me runnin'

Nightmare it's calling you

Nightmare it's got me runnin'

Nightmare it's calling you

It's dream within a dream

Lost and lonely

Don't get fooled, be the devil

It's dream within a dream

Lost forever

Don't get fooled

It's got me running

It's just a nightmare

It's got me running

It's got me running
