"Psycho Man"

The midnight hour approaches

The killing chill takes over him

His victims will not know when he appears

The lust of death's possession

Will overtake his psycho mind

He won't be happy till he smells their fear

chorus:

(he's the angel of death)

Psycho man, psycho man, looking for a victim wherever
he can

(he's the angel of death)

Psycho man, psycho man, he's a killer

Addicted to the menace

That taste of death that lives within

He loves it when he takes their final breath

Stalking is his pleasure

Killing is the final act

He takes no pity in his lust for death

chorus

(Guitar Solo)

(he's the angel of death)x2
