Sorcerers of madness  
selling me their time  
Child of God sleeping in the sun  
Keeping peace of mind  
Pictures of seduction  
On a flat stone sky  
Sadness fills the supermen  
Even fathers cry  
Of all the things I value most of all  
I look inside myself  
And see my world  
And know that it is good  
You know that I should  
Superstitious century  
Didn't time go slow  
Separating sanity  
Watching children grow  
Synchronate underneath  
The Spiral sky  
Silver ships on plasmic oceans  
In disguise

Of all the things I value most in life

I see my memories

And feel their warmth

And know that they are good

You know that I should

Watching eyes of celluloid

Tell you how to live

Metaphoric motories

Say give, give, give

Laphitistic love is showing

How to lead the way

Spiral City architect

I feel you're pain

Of all the things I value most of all

I look upon my Earth

And feel the warmth

And know that it is good

You know that I should

You know that I should

You know that I should

You know that I should

You know that I should
