Bells will take their toll On your way There's no way we're born to shine Before our time ,all your life, you're On your own Lonely road Lost in a time Let the light lead your way To the golden throne It's the only way

Rise up to the shining Live long live now Rise up to the shining Don't be blind by fools again Rise up to the shining Love long live now

Oh rise up, to the shining Wise up they're gonna steal your mind Rise up, the house is gonna haunt you No one laughed, no one cried You stayed too long You're finally gonna stay
