Now I'm working for the school  
I try my best to look cool  
Are there drugs going down?  
Must find out I'll hang around  
Principal's my best friend  
I do a job that never ends  
I'm the new teenage nark  
I'm in your school  
I'm getting good grades  
I'm not afraid  
I'm a teenage nark  
I live in your school  
I just want to be a cop  
I'll grow up just like my pop  
Next person that I see  
I'm gonna bust them  
I don't care if they have no drugs  
I'll bust them anyway  
You are never safe  
From the new teenage nark  
I'm getting good grades  
I'm not a nark  
I live in your school  
I'm a teenage nark (x3)  
You're busted
