I need it, I must have it  
Kill and steal and fight to get it, I need it, must have it  
Holes in my arms mean nothing, I need it, must have it  
I'll lose everything I own to buy it, just to have it  
I don't care if I die  
Gotta have it to survive  
My arm's decaying day by day  
My veins are collapsing doctors say  
I need it, must have it  
Shoot it up in my arm, I need it, must have it  
I won't sleep day or night, until I get it, until I shoot it  
I'll take the money from my mom, just to buy it, just to  
have it  
Who cares about this world  
Everything seems so blurred  
I don't care if I die  
Well I don't care if I die  
I need it must have it (x3)  
I need it, heroin
