Dall'Agnol, Cassiano)

I was just wondering why

You chose me to be your guy

I was just trying to find

A good answer for this why

So I came right to you

To make it all clear

And that's why I'm standing now

In front of you right here

(chorus)

Why did you choose me to be your man?

Why did you choose me? I just don't understand...

Just answer me and ease my mind

Why did you take me to be your guy?

"I chose you cause I love

I chose cause you're fun

I chose you cause you're the best

Guy I've ever met in my life

In my life(3x)

I chose you cause I love you

I chose you cause you're fine

I chose you cause you're the best

Fuck I've ever had in my life

In my life(2x)

In my whole life

Yeah!

It's really cool to be chosen by you

Cause you're the girl I love and I chose you too

And even though you could have any other guy

You chose me and that answers me why

(repeat chorus)

In my life(3x)

In my whole life

Yeah
