September in the wind
is blowing sideways
Summer's surely buttoning her coat
That's when I saw you
standing in a t-shirt
Dancing in the middle of the road

That's when I knew that
loving you was heaven
That's why I feel I'm headed
straight for Hell
Spending all the summers
near the water
I've never felt so far
from the well

I remember your reflection
in the water
Back when we were
lost behind the trees
The leaves were falling
right into the river
That carried us directly to the sea

That's when I knew that
loving you was heaven
That's why I feel I'm
headed straight for Hell
Spending all the summers
near the water
I've never felt so far
from the well

Just plant a seed and
the rain will come
Fill up all the buckets
in your garden
Just plant a seed and
the love will grow
Fill the empty spaces in your heart

That's when I knew that
loving you was heaven
That's why I feel I'm
headed straight for Hell
Spending all the summers
near the water
I've never felt so far
from the well
