Don't go with your dreams untold
Don't leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road

July thunder
Something's undercover
Something's lost and something ain't right
You slide by me in the cool air of night
Drive by in my car for you
Look me in the eyes
That's what I can believe

Don't go with your dreams untold
(Don't go)
Don't leave me on that old black road
(Leave me)

Don't go with your dreams untold
(Don't go)
Don't leave me on that old black road
(Leave me)

Now as I pass through these fields at last i hear
someone calling me
Could be your voice
Could be a voice I don't know
So hold up
Hold up while
While I look around here
I know that I would just to follow your voice

Don't go with your dreams untold
(Don't go)
Don't leave me on that old black road
(Leave me)

Don't go with your dreams untold
(Don't go)
Don't leave me on that old black road

(Leave me)

Don't go with your dreams untold
Don't leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road
Yeah

Yeah
Don't go with your dreams untold
Don't leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road
Leave me on that old black road

Don't go with your dreams untold
Don't leave me on that old black road
