Im sick of always treating  
All the girls I know the same way  
I sick of always knowing  
Everything you say is just a lie

Im sic of always hearing  
All the same jokes on the telephone  
Im sick of always knowing  
When your gone you still think were friends

You say goodbye to my friends  
You say goodbye to me  
You say goodbye to my friends  
You say goodbye to me

Im sick of always treating  
All the girls I know the same way  
I sick of always knowing  
Everything you say is just a lie

Im sic of always hearing  
All the same jokes on the telephone  
Im sick of always knowing  
When your gone you still think were friends

You say goodbye to my friends  
You say goodbye to me  
You say goodbye to my friends You say goodbye to me
