Roads I took are strewn with cobblestone hills and cliffs  
Sometimes high, but I often go down in flames

[Pre-Refrain:]

Salvation watch over me and my dreams  
Everybody's got a little music inside  
Salvation watch over me and my dreams  
Everybody's got a little music inside

[Refrain:]

The bus stops I think 'bout Tambata  
Everybody's leaving but I'm staying inside  
The bus stops one more time

Rough ordeals make me stronger and suspicious  
No more choice, I've been way too far  
There's no way back.

[Pre-Refrain]

[Pont 1:]

I've learned how to live and how to find my way  
The one for me because I don't look back  
I don't look back "biriama" back on my past  
All alone without a helping hand, I've learned!  
Doesn't matter what the people said all alone x 3

[Refrain]

[Pont 2:]

I don't wanna wanna wake up with my frustrations  
my own demons all around, to live on my past!  
No ! I follow my road to Tambata

[Pont 3:]

The bus stops everybody's leaving but  
I'm standing inside my way. (my way is my ride!)

[Pont 4:]

And I fly

[Fin:]

My Tambata, (what?)  
Is hard to reach (what?)  
Is hard to get, (what?)  
Don't wanna give up no!  
It's hard to reach; (what?)  
It's hard to get! (what?)  
It's hard to reach  
My Tambata blow me away  
The bus stops bring me to Tambata.

[Refrain]
