AAAAAAAAAAAH

There's a song in my head and it's looking for a way to
get out!
out of all of the things inside this one is screaming out
loud
these words on my mind i'm trying to understand what
they mean
and i feel them coming gonna knock you right off of
your feet

oooh cause i always see your
sun shine keeps on following me
not a cloud in the sky
cause you're always right next to me
i'll do you no wrong maybe i should just
let it be cause i know you're gonna have
your wicked way with me
your wicked way with me

now the words on my lips are rolling right out of my
mouth
oeh baby give me your hand i'll take you right out of
this crowd
well nothings ben said but not enough has been done
now you're screaming out loud and not because i'm
doing you wrong

oooh cause i always see your
sun shine keeps on following me
not a cloud in the sky
cause you're always right next to me
i'll do you no wrong maybe i should just
let it be cause i know you're gonna have
your wicked way with me
your wicked way with me

i always see your
sun shine keeps on following me
not a cloud in the sky
cause you're always right next to me

i'll do you no wrong maybe i should just
let it be ooh
cause i know you're gonna have
your wicked way with me
your wicked way with me Yeah!
