Night Swimming

Beach walking

Always silent

Never talking

Then you call my name

And I know inside I love you

Sail away

I miss you more

Until you see the shore

There I will be waiting

Anticipating

Each moment is new

Freeze the moment

Each moment is cool

Freeze the moment

I wouldnt wanna be

Anywhere else but... here

I wouldnt wanna change

Anything at all

(Anything oh I..)

I wouldnt wanna take

Everything out on... you

Though I know I do

(Although I know I do)

Everytime I fall

Day dreaming

Chain smoking

Always laughin

Always jokin

I remain the same

Did I tell you that I love you

Brush your teeth

And pour a cup of black coffee out

I love to watch you do that every day

The little things that you do

Each moment is new

Freeze the moment

Each moment is cool

Freeze the moment

I wouldnt wanna be

Anywhere else but... here

I wouldnt wanna change

Anything at all

(Anything oh I..)

I wouldnt wanna take

Everything out on... you

Though I know I do

(Although I know I do)

Everytime I fall

Each moment is cool

Freeze the moment

I wouldnt wanna be

Anywhere else but... here

I wouldnt wanna change

Anything at all

(Anything oh I..)

I wouldnt wanna take

Everything out on... you

Though I know I do

(Although I know I do)

Everytime I fall

(Everytime I fall)

(Everytime I fall)

I wouldnt wanna be

Anywhere else but... here

(Anywhere but here)

I wouldnt wanna change

(I wouldnt wanna change)

Anything at all

(Anything oh I..)

I wouldnt wanna take

Everything out on... you

Though I know I do  
(Although I know I do)  
Everytime I fall  
Nice women  
Beach walking  
Always silent  
Never talking  
Then you call my name  
And I know inside I love you  
Sail away  
I miss you more  
Until you see the shore  
There I will be waiting
