Come on now (ewwwhh) Started (yeaahh)

Yeah what's up gather round Everybody get down  
It's time for the best party track in town  
Keepin it live keepin it real  
Arrivin' on time yeah you know how we feel  
You gotta get up and move side to side  
You gotta release and do it right  
It's the funkadelic beat to a funkadelic soul  
Still kickin it live with the main man John

Someone in the house you where doing it right  
The cool rocky jam had a party all night  
So let's get started baby you and I  
Go on with your bad self dance all night  
So can you feel it I can feel it heah  
So can you feel the beat with the base drum  
Doing it doing in your feet hear the car drum  
Tapping in your ear yeah you gotta get up  
Gotta move your ear

That's the way this heart is a feeling for you  
Cuz no-one does it better  
No there ain't no doubt just what I wanna do  
So won't you let me swing

Let's get started If you wanna party  
Baby it's just you and me I got what you need  
Don't conceal it tell me can you feel it  
Won't you let me lead the way  
Cuz I wanna be your baby for life

Come on everybody if your here let's party  
Get down get down, if it's gonna take all night  
Mr DJ save my life come on and get down

That's the way this heart is a feeling for you  
Cuz no-one does it better  
No there ain't no doubt just what I wanna do  
So won't you let me swing

Let's get started If you wanna party  
Baby it's just you and me I got what you need  
Don't conceal it Tell me can you feel it  
Won't you let me lead the way  
Cuz I wanna be your baby for life

So on and on and on on and on and on  
Check it check it check it out to the break of break of  
dawn  
As the base drums stick it to your ear  
Can you hear move your ear wind your body  
To the beautiful smear guys grab a girl  
And take it from the back give it up give it up  
Cuz we like it like that girls grab a guy  
Chilin' if you ain't feelin' shy keep it goin'  
As the bridge comes down

If it's right (That's the way this guy is a feelin for you)  
We could be started up you and me Get it up  
What I need DJ play that song for me  
(Look there ain't no doubt just what I wanna do)  
Time is right In the mood stepping with the old school  
Let's get let's get let's get started (I said baby)  
Somebody (gotta treat me right)

Let's get started If you wanna party  
Baby it's just you and me I got what you need  
Don't conceal it Tell me can you feel it  
Won't you let me lead the way  
Cuz I wanna be your baby for life
