One two one two

She's trapped

Gunna need some help

What you think about that

One two one two

She's trapped

Gunna need some help

What you think about that

One two one two

She's what

Gunna need some help

What you think about that

One two one two

She's trapped

Gunna need some help

She sits in her armchair

Looking into space

Looking for a reason

To find her lifes place

Feeling a little bit sad

But not really all that bad

Searchin' for a dream

A dream that she never had

She knows

She should get it (But it ain't that easy)

Her life

Kinda full of it (Cuz it's all to sleezy)

She goes

You gotta burn by

(But she still can't hide she can't leave her life)

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

She can't afford that at

Cuz the park it seemed packed

She can't afford that at

So what she gunna do now

She looks in the mirror

Her reflections someone old

Seeing days go by

She don't need to be told

feeling a little bit sad

She cries and packs her bags

memory now a dream

A dream that she never had

Where will she go (But it ain't that easy)

How long till she comes home

(But It's all to sleazy)

Maybe she make them

(Will she hear or maybe not)

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

Trapped ahhh (unavoidable)

eheheheh

Trapped ahhh (unavoidable)

eheheheh

Trapped ahhh (unavoidable)

eheheheh

Trapped ahhh (unavoidable)

eheheheh

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

Tried to bye your life

(Life is unavoidable)

Just to get by

(To make it more affordable)

(Trapped)

Life is unavoidable

To make it more affordable

(Tried to find life that's some)

Life is unavoidable

(Just to get by)

To make it more affordable
