I'm into something  
Something way really cool  
Mr DJ's got me started  
I got my eyes set on you

I feel fine  
The dancefloor is mine  
I move into the Dj playing beats  
Watch me, move my body  
You feelin' like you wanna leave yourself

I got my boots on  
I'm feeling mighty strong  
As i ride all upon you  
Baby bring it on  
How you diggin' that?  
Do you like my cowboy hat?  
I dance like a kitty-cat  
Yo, this beat's flat

Wanna come along for the ride  
Cos i know that its good love  
You got me whoopin over you  
If you wanna let me drive,  
Its alright, coz its good love  
You got me whoopin' over you  
Let me tell you something  
You know you got me whoopin' over you  
(You got me whoopin')  
You got me whoopin' over you

I'm completely different  
A funk diva on the floor  
I'm not quite like the other girls  
Now i want you even more  
Good or bad to the bone

Its where you wanna be  
Can you feel it in your feet  
How you diggin' that?  
Do you like my cowboy hat?

I dance like a kitty-cat  
Yo, this beat's flat

Wanna come along for the ride  
Cos i know that its good love  
You got me whoopin over you  
If you wanna let me drive,  
Its alright, coz its good love  
You got me whoopin' over you  
Let me tell you something  
You know you got me whoopin' over you  
(You got me whoopin')  
You got me whoopin' over you

Say what, say what  
Na na now  
Say what, say what  
Na na now  
Say what, say what  
Say what, Na na now  
Say what, say what  
Na na now

I got my boots on  
I'm feeling mighty strong  
As i ride all upon you  
Baby bring it on  
How you diggin' that?  
Do you like my cowboy hat?  
I dance like a kitty-cat  
Yo, this beat's flat

Wanna come along for the ride  
Cos i know that its good love  
You got me whoopin over you  
If you wanna let me drive,  
Its alright, coz its good love  
You got me whoopin' over you  
Let me tell you something  
You know you got me whoopin' over you  
(You got me whoopin')  
You got me whoopin' over you  
You got me whoopin' over you  
(You got me whoopin')  
You got me whoopin' over you
