Hello, how are you?
It's been such a long long time.
Come in, let's get closer.
Flash that famous smile.
I've been thinking of you
Since we've been apart
Sweeping up the shavings
Off my wooden heart.

I know some things change
But I wanna feel the way
I did with you that day
in LA

So welcome to a New York afternoon
We could watch the light fade
In my humble room.

I know some things wane
But I wanna feel the way
I did that summer day
in LA

From the hills above
We saw the valley below
And the ocean's endless blue
Was it just because
I was so close to gone
My emotion ringing it true.

Hey Susan do you wanna know?
What I've been through on this other coast?
Cause I know I'm not the same
But I wanna feel that way.
I know some things change
But I wanna steal the page
From that summer day
in LA
I wanna feel the way
I did with you that day
in LA
