She says I want you, want you  
Come by I'm lonely, it's only  
A matter of time before I see you again

She said I want you, want you  
Come back if I'm lonely, it's only  
I'd feel better knowing I'm in your arms tonight

Today is just another day  
We're all wasting away  
But that feeling is so divine

She had her wild eyes alright  
But I see through it deep down inside  
Can't sleep through it  
I'm up all night  
It's happening again

Forcing out a fake smile  
Killing ourselves for a little while  
Or longer, if I get my way  
I will see you again

Today it'll just be another day  
We're all wasting away  
But that feeling is so divine

Hey, it's just another day  
We're all wasting away  
But that feeling is so divine

Now (x4)

I want you

Now (x4)

Long, long, long, longingâ€¦

Today is just another day

We're all wasting away  
But we're feeling so divine

Today is just another day  
We're all wasting away  
Yet we're feeling so divine
