Lyin' in bedrooms is easy
It's not like it's five years ago
Lately you're over my body
Is that just the place that I want you to be

Look at the pictures you've gotten
Like signals from oncoming cars
We're covered in cake from the last time
I know it sounds weird we collect it in jars
Is that just the place that I wanna be

Oh, can't you see it's a life I don't need
Please don't make this thing happen to me
(The way that I wanna be)
Oh, can't you see it's a life I don't need
Please don't make this thing happen to me

Drivin' in style with a smile on
I wish the light could turn red on me now
The day's been so damn hard already
So buckle me in on the highway of sin
'Cause that's just the way that I wanna be

Oh can't you see it's a life I don't need
Please don't make this thing happen to me
(The way that I wanna be)
Oh, can't you see it's a life I don't need
Please don't make this thing happen to me

Is that just the way
Is that just the way
All uncovered
Is that just the way

Drivin' in style with a smile on
I wish the light could turn red on me now
The day's been so damn hard already
So buckle me in on the highway of sin
'Cause that's just the way that I wanna be

Is that just the way
Is that just the way

All uncovered
Is that just the way
