Touching down, it's a frozen town
Look around, I grew up, I fell down
Nothing changes, nothing changes except the red
lights
Nobody changes, nobody changes, wanna see them
tonight

Everybody gather 'round
Everybody drink it down
I'm feeling like a one-legged man
I was made to take a stand

Any day now it will come
Any day now it will come
Any day now it will come

I walk in and just laugh it off
And all the heads turn
Familiar faces help me shake the cold off

Everybody gather 'round
Everybody drink it down
I'm feeling like a one-legged man
I was made to take a stand

Any day now it will come
Any day now it will come
Any day now it will come

It sounds like bullshit but you ever notice
This whole town of ice and snow, whoa
Gets you running, yeah, to chasing something
What it is I'll never know, just hope one day that it
shows

Any day now it will come
Any day now it will come
Any day now it will come

Any day now it will come
Any day now it will come
Any day now it will come
