I?m feeling sort of playground now
My brush is cocked and colored
The sounds are running rampant
The love it can only be discovered in me

I wish they?d stop around sometimes
I think the bucks are cheap enough
My mother died ahead of me
From then and every standing up, take it from me

I?m not falling down
And I don?t know why
You'd talk me down
'Cause I?m a good laugher

Good evening boy, I?ll be your fairy
You may even try me on again
So happy to be alive today
Tomorrow starts to ride, take it from me

I?m not falling down
And I don?t know why
You'd talk me down
'Cause I really matter

Long while ago, when the hell was breaking
Stood a boy and girl quiet and wise
Stood amongst the city burning
A monster city turning
As if to say, you?re the cause of it all, all, all

I?m not falling down
And I don?t know why
You'd talk me down
'Cause I really matter

A bent and ugly traveling man
Who came in right ahead of me
To walk a month's early waiting
Yeah, wait 'til the summer I'm a chance for me to be

I?m not falling down

And I don't know why
You'd talk me down
But I'm really flattered
I'm a good laugh
I'm a good laugh
I'm a good laugh
