Gonna sink my body down  
Feel it tremble with sound  
Mother's speaking loudly now

Yeah it runs through my body I am wild  
My body breaks through the water I'm a newborn child  
Brain's on fire

Put my ear down to the ground  
Feel it tremble with sound  
Mother's speaking loudly now  
She is saying  
Lay your clothes down with your fear  
Float upon my waters dear  
'Cause I will carry you from here

Up among the lights she is smiling  
I am small I am safe all is silent  
Take my breath make me wet

Gonna sink my body down  
Feel it tremble with sound  
Mother's speaking loudly now  
She is saying  
Strip yourself of all your fears  
Free your mind and make it clear  
'Cause I will carry you from here

Never coming up never felt like this  
Just going to stay here in this state of bliss  
Never felt so whole or so damn complete  
Done all that I should do met all I should meet  
Just going to stay right here

Someone is calling from the shore  
On this earth not a voice I love more  
Come inside

Gonna sink my body down  
Feel it tremble with sound  
Mother's speaking loudly now  
She is saying

Strip yourself of all your fears  
Free your mind and make it clear  
'Cause I will carry you from here
