It's not personal  
you didn't let me down at all  
No, it's not personal  
it's how the world goes 'round, is all

I've got some loving but it ain't for sale  
- give it free to you, my friend  
Somewhere further down the trail  
I'll be pulling out again

It's not personal  
don't let it underneath your skin  
No, it's not personal  
I'm only breathing out and in

I'm just moving on  
because the groove has gone  
I'm just stealing down the line  
and it's fine

Woke up this morning, I was all alone  
instead of her I found a note  
I guess my bluebird just came home  
for these are all the words she wrote...

It's not personal  
you didn't let me down at all  
No, it's not personal  
it's how the world goes 'round is all  
it's how the world goes 'round
