I call to the Lord who is worthy of praise  
And all my enemies don't know where to face  
The chords of death have entangled my feet  
I cried to you and from your temple you heard me and  
rescued me  
The earth quaked and the mountains shook  
Smoke rose, the clouds parted with just one look  
He reached down from His heavenly home  
He drew me up from the water's deathly hold

Chorus:  
So I'll sing Halleluia  
Halleluia Praise the Lord  
[Repeat]

He rode down on the wings of the wind  
The darkened clouds were like a canopy around Him  
He shot his arrows and He scattered my foes  
With bolts of lightning they all became exposed  
He brought me out to such a spacious place  
He saved me cause He loves me and He's full of grace  
And I'll be trying 'til the day that I die  
To hold tightly to His ways and never live in lies

[Chorus x2]

You oh Lord keep my lamp burning bright  
My God turns my darkness into light  
With my God I can scale the wall  
With your help I can win a war and not even fall  
He makes my feet like the feet of a deer  
And lets me stand on the heights high above my fears  
He makes palm fronds beneath my feet  
So my ankles don't turn in and ruin me

[Chrous x6]
