(Traditional)

When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed  
When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed

You have your eye on Jimmy  
long Jimmy Lee  
You have your eye on Jimmy  
anda fine man he  
You have your eye on Jimmy  
but you'd better let him be  
Because when you go, Molly-o  
you'll be gone with me

When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed  
When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed

You have your eye on Johnny  
thin Johnny Fee  
You have your eye on Johnny  
and a fine man he  
You have your eye on Johnny  
but you'd better let him be  
Because when you go, Molly-o  
you'll be gone with me

When will we be married Molly  
when will we be wed  
When will we be

bedded in the same bed  
When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed

I made a black bow  
for your pretty head  
When will we be married Molly  
when will we be wed  
I made a black bow  
for your bonny head

When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed  
When will we be married Molly  
when will we be wed  
When will we be  
bedded in the same bed
