She's all crazy and shit
She shows off her tits
She's just a corn-fed white-bred chick
Born in the right zip code
She comes with a gold card
She'll never have to pay for it

What would she do without you?
What would she do without you?
What would she do?

He's not afraid of the future
He's hot off the platter
He's been handed a blank check
Phi beta date rape ya
He's brung an agenda
And he's got a place to put it

What would he do without you?
What would he do without you?
What would he do?

Is this the best that you can get?
Is this the best that you can get?
(the best that you can get, the best that you can get)
Is this the best that you can get?
(the best that you can get)

What did you expect?

I'm not afraid of the ocean, afraid of devotion
I've got the balls to prove it

What would I do without you
What would I do without you
What would I do without you

what would I do
what would I do
what would I do
what would I do without you

what would I do without you
what would I do without you
what would I do without you
what would I do-oo
what would I do-oo
what would I do-oo
what would I do
